About the Committee:

The Membership Committee, traditionally managed by a single representative, is responsible for member relations.

The chair's duties include:

- Act as a liaison for new members and firms to answer operational questions and provide guidance on how to maximize the benefits of Post membership.
- Send welcome email or postcard to new annual sponsors, sustaining member firms and individual members monthly.
- Advise board of directors on value-added opportunities for our membership as well as ways that SAME GKC can increase brand awareness in the Greater Kansas City area.
- Track The Post's growth against annual membership goals utilizing the CLAS system, as instituted by SAME's national headquarters.

How you can help:

This is an exceptional position for any member interested in getting involved with SAME GKC as it offers the opportunity to build relationships with The Post membership and introduce new ideas for ways to engage members.
