### About the Committee:

The Nominating Committee, mandated by SAME's national headquarters, serves to nominate board members and officers as existing representatives' terms come to a close. The committee also is responsible for tracking the GKC Post's national award submissions, a requirement of The Post as part of SAME's National Streamer Awards.

Traditionally, the immediate past president serves as the chair and is supported by a representative provided by the Council of Fellows, one board member and one member at large. If the immediate past president is not available, a member of the immediate past year's officers team/board member could fill this position.

The Nominating Committee also occasionally reviews applications for active members who are pursuing national awards. While it is up to an individual member to take ownership of the application and bring it to the attention of the committee, this team can serve as a resource to review the application and make suggestions.

### How you can help:

If you are interested in applying for a national award and would like support from the Nominating Committee, please contact the [Matthew Turner](#).
