

**About the Council:**

The Council of Fellows is comprised of members of the Greater Kansas City Post who have been installed as members of the Society of American Military Engineers, Academy of Fellows. The distinction of SAME Fellow recognizes those members who have rendered dedicated and outstanding service to the Society, military engineering and the A/E/C profession with 10 or more years of service in SAME. The chair and vice chair each serve a two-year term.

The Council of Fellows was established by the GKC Post to provide mentoring and guidance to the leadership and members of the Post. Members of the Council of Fellows are represented on the Board of Directors and on the Nominating Committee. In addition, we represent the Post at Fellow's functions at national conferences and when serving on national committees. The Council of Fellows can provide the following to the Post: best practice precedents, research, serve as advisors, and conduct outreach.

**How you can help:**

Members interested in learning more about how the Council of Fellows could be a career development resource or for more information on how to apply for fellowship, please contact the Chair shown on the Post website.
