Memorandum for Record

SUBJECT: Validation of Attendance for Professional Development Hours

This memorandum provides the formal documentation of attendance and one (1.0) professional development hour earned for the presentation on 28 May 2020, via GoToMeeting.

This presentation, by Jody Olsen, President of the Alaska Professional Chapter of Engineers Without Borders (EWB), provided an overview of the organization's efforts to improve potable water availability in locations such as Malawi. She reviewed the organization's history & structure, the means by which they receive and review requests for assistance, and discussed details of the Malawi Children's Village Water Treatment Project and their partnership with the Koche Water Users Association. She concluded with a charge to attendees on how they can participate in EWB programs and took questions from several members.

We have a recorded version of the Webinar with a "roll call" taken at the beginning to identify who was on the Webinar for this presentation for which they are seeking professional development hours. By my signature I affirm the individuals listed on the attached attendance sheets were present.

A handwritten signature in blue ink, appearing to read "BPD", written over a horizontal line.
