Memorandum for Record

SUBJECT: Validation of Attendance for Professional Development Hours

This memorandum provides the formal documentation of attendance and one (1.0) professional development hour earned for the presentation on 27 August 2020, via GoToMeeting.

This presentation, by Tom Fenoseff, Senior Director of Capital Planning & Construction for the Anchorage School District, provided an update on the District's ongoing physical and operational security improvement initiative. Tom, along with other members of his Team, reviewed their Secure Vestibule Concept and its application in 5 elementary schools, described challenges encountered and overcome, and gave insight into significant technology advances such as their Raptor Visitor Management Program and OpenPath Access Control System.

We have a recorded version of the Webinar with a "roll call" taken at the beginning to identify who was on the Webinar for this presentation for which they are seeking professional development hours. By my signature I affirm the individuals listed on the attached attendance sheets were present.

A handwritten signature in blue ink, appearing to read "BPDuffy", written over a horizontal line.

Signature

30 Aug 2020

Date

Brian P. Duffy
