Memorandum for Record

SUBJECT: Validation of Attendance for Professional Development Hours

This memorandum provides the formal documentation of attendance and professional development hours earned for the presentation on **26 August 2021** via a Webinar. See attachment for a list of attendees.

This presentation was presented by Keith Guyer. Keith is a licensed professional Geologist that is semi-retired from a 45+ year career that started with active duty in the Navy, to exploration geophysics to geologic and environmental remediation. He earned his undergraduate degree from the University of Wisconsin-Madison, and went to graduate school in California, Utah, and Wyoming..

Keith's presentation is entitled: Winter Drilling at the Red Dog Mine for Thermistor and Monitoring Well Installation and addressed drilling during winter just outside of the Red Dog Mine to install thermistors and monitoring wells.

I have a recorded version of the Webinar. A "roll call" was taken at the beginning to identify who was on the Webinar for this presentation for which they are seeking professional development hours. By my signature I am confirming the attendees listed in the attached attendance sheets were present for the aforementioned presentation.

Signed

Keith O. Guyer
