Memorandum for Record

SUBJECT: Validation of Attendance for Professional Development Hours

This memorandum provides the formal documentation of attendance and professional development hours earned for the presentation on **25 February 2016** on Logistics in the Last Frontier by Ahtna, Inc. Ahtna has had the opportunity to deliver dozens of remote environmental and construction projects over the past 15 years. The costs of remote work are often driven by complex logistics which requires teams to become very efficient with the delivery of the field work. Many aspects of delivering remote field work have become more efficient with recent technology advances. See attachment for a list of attendees.

I monitored the sign-in sheets to ensure that attendees were present for this presentation for which they are seeking professional development hours. By my signature I am confirming the attendees listed in the attached attendance sheets were present for the aforementioned presentation.
