DECEMBER VIRTUAL MEETING

IMPROVING ENERGY SAVINGS THROUGH COMMISSIONING IN EXISTING & HISTORIC BUILDINGS

Please join us for a discussion of commissioning and its role in improving energy efficiency in existing buildings. We will go through multiple case studies with a focus on historic buildings.

JIM GAWTHROP, PE, LEED AP BD+C, BEMP

Jim is Associate Principal at Summer Consultants, Inc., and certified Building Energy Modeling Professional with extensive experience in energy reduction projects within the federal marketplace with clients including GSA, Navy and USACE.

Tuesday – 12 DEC 2023

12:00-1:00

LOCATION: Virtual
