## **“Keys to EV Infrastructure Deployment of DoD”**

*Doug Mackenzie, Director of Energy Security, Black & Veatch  
Jamare Bates, Project Manager, Black & Veatch  
Randall Kaufman, Sales Director, Black & Veatch*

Understand what you need to know to be planning now to become ready to provide fleet electrification. As military fleets are piloted and long-term plans are put into place, there are necessary steps to fleet electrification to guide the process, inform scheduling, and allow for optimal charging facilities. Each step drives toward the zero-emission vehicle (ZEV) fleet infrastructure deployment, broken down into manageable legs of the journey

*Total PDH Available - 1.0*

*Natasha M. Gromak, PMP  
President SAME Omaha Post*

*John I. Remus, II, P.E.  
Chair of Education and Professional Development*

The Omaha Post verifies the content of the program. Each attendee is responsible for applying to the appropriate licensing organization for his/her individual PDH credits. The Omaha Post can not guarantee that all licensing organizations will accept the above PDH credits.
