

*The Society of American Military Engineers
Omaha Post
Professional Development Hours Certificate
February 2023 Monthly Membership Meeting*

Participant Name: _____

Participant Signature: _____

Date: Thursday, February 9, 2023

Location: In-person and Virtual Meeting, In-person meeting at:
Field Club of Omaha, 3615 Woolworth Avenue, Omaha, NE

Educational Program:

**“Allonnia Surface Active Foam Fractionation®
(SAFF®) Technical Project Overview”**

*Kent Sorenson, Chief Technical Officer – Allonnia
Robert Sinkler, VP of Government Programs - Allonnia*

SAFF represents a sustainably engineered approach to perfluoroalkyl and polyfluoroalkyl substances (PFAS) remediation, where a combination of aeration and vacuum is used to rapidly remove >99% of target long chain PFAS compounds and a significant majority of short chain PFAS compounds. This enables treated water to be safely returned to the environment. Mr. Sorenson and Mr. Sinkler provided technical overview of an application of this technology.

Total PDH Available - 1.0

*Natasha M. Gromak, PMP
President SAME Omaha Post*

*John I. Remus, II, P.E.
Chair of Education and Professional Development*

The Omaha Post verifies the content of the program. Each attendee is responsible for applying to the appropriate licensing organization for his/her individual PDH credits. The Omaha Post can not guarantee that all licensing organizations will accept the above PDH credits.
