Board notes for Student Mentoring
May 6, 2008

1. Presentations and Awards events were held April 23, 2008
 - a. Prior to the Presentations we held an Orientation Session for the Judges on April 13th. Anne Peterson and Chuck Paukert headed up the session. All but 2 judges were able to attend.
 - b. Only major problem at the Presentations was one judge had a family crisis that day and could not participate. Because of the late warning we were unable to get a replacement judge. Consequently all we could do was to average the other 3 judges' scores for the 4th set of scores.
 - c. Our keynote speaker, Clayton Anderson, had a full day; Paul Sutto arranged several appearances for Clayton, one was KEFM 96.1 FM at 7:00 am that morning (the station presented Paul with a CD of the interview), PKI arranged a breakfast of Omaha CEO's, the Young Members sponsored the General Membership meeting with him as speaker, and then he attended our Projects Displays and spoke at our Awards Ceremony. He also gave mementoes to each student of the winning teams as well as posed with them in their award photo. The Center videoed the event and we plan to post it to our web site.
 - d. Harry Weddington was our photographer again this year and did a great job as always. I will be posting the photos on our web site ASAP.
 - e. The turnout at the Awards was not as great as I anticipated. If anyone would like a copy of the Awards Program for promotional or sentimental purposes I have some extras.
2. Put together table of winners (see attached). Because of changes in our merit awards this year the table is a little more complex. Sent information to several newspapers but have not seen anything printed. I could use some help on this.
3. Have sent surveys to all volunteers (Room Monitors, Judges, Mentors, and Teachers) with suspense date of April 9th. We will follow up with a meeting of the Steering Committee toward the end of this month to make recommendations for next year based on the surveys.
4. Have sent via email to all Teachers and Mentors, copies of their Team Scores, a High Score Summary, and a team photo, (if they were one of the winners, I also sent that photo)
5. Will be sending out Thank You letters next week
6. Should have Team Plaques with photos and merit Level of Achievement Medallions mounted by next week. We will then make distribution of the plaques to the schools.
7. Sent in student application for Engineering & Construction Camp with money to National.
