Where does this fit into the SAME organization? Which VP do I need to be coordinating with to see if we have any budget? ○ Dave Packard: The Post is financially healthy and, as Anne has stated, we should be investing in the engineers of the future. I suggested this because SAME should have a vested interest in activities at the University of Nebraska---both campuses. If the budget were established, this wouldn't require a motion to the Board, but this would be an easy thing to determine at the Board meeting on Thursday. I would suggest we sponsor at a significant but reasonable level. This would give the SAME Student Chapter some real teeth. ○ \$500, \$1,000, \$2,000, \$3,000 are the various donation levels, Natasha motioned to go at highest level, Stephanie seconded, limit of only 4 diamond sponsors for the event, motion passed • Engineering Round Table for E-Week, we probably won't have one this coming February, gave out Post President's Award at Industry Day, maybe just keep with this schedule if no E-Week banquet this year as well
