Steps for Success

Organizational Capabilities Awareness

Knowing Our Incident Resource

Develop a Culture of Preparedness

When Disaster Strikes

During the Incident

Blue Sky Knowledge and Relationships

Alliance for Response is all about connecting with local leaders, emergency responders and stakeholders on a **Blue Sky Day**. In any emergency, you will be working with local leaders and emergency responders to save and/or secure your organization and community. If you have a good relationship with your local leaders and emergency responders, know their authorities, their capabilities and know how their systems and work practices, you can help them keep you, your staff, your organization and your COMMUNITY more resilient on **Black Sky Day**.
