Strategic Plan 2025 – 5 Goals

- Strengthen Industry-government Engagement
- Build And Sustain Resilient Communities
- Develop Leaders For The Profession
- Enrich The Stem Pipeline For The Nation
- Prepare Service Members And Veterans For The A/E/C Industry
Construction Task Force

- History/Vision
- Led by MG Mike Wehr (USA, Ret)
- IGE Summit at 2023 Capital Week
  - How Industry and Government Can Improve Project Delivery
  - Owner, Design and Construction decision-makers and thought leaders from Government and Industry
- Topics:
  - The Shrinking Federal Contractor Base
  - Risk: A Hot Potato or Shared Responsibility?
  - Can we afford the consequences of not making changes?
Contractor Performance Assessment Reporting System (CPARS) Education & Reform

Project Manager: Mike Blount, AECOM

Impacts:
- Ratings consistency within an Agency and across all Agencies;
- Incorporation of CPARS definitions and understanding into Partnering;
- Promulgate and support CPARS training for vendors.
Pre-Award Project Partnering

Project Manager: Sal Nodjomian, Matrix Design Group Inc.

Impact:

Advance DoD partnering policies by delivering communication and collaboration tools and educational materials
Alternative Project Delivery Methods

Project Manager: Sal Nodjomian, Matrix Design Group Inc.
Impact:
Advance DoD construction procurement policies through engagement with industry to deliver cutting-edge, industry-tested procurement options

Impact:
Generate greater understanding of the challenges faced by companies that grow out of the small business contracting market and into the unrestricted acquisition environment; propose programs to allow companies a longer runway to transition.
Avoiding PFAS Information Overload: Targeted Training for Operational Entities

Project Manager: Bill DiGuiseppi, Jacobs

Impact:

Enables DOD, other Public personnel, and contractors to effectively address PFAS issues by providing accurate, concise, tailored and digestible PFAS knowledge.
Climate Change:
Sea Level Rise and its Effect on Military and Public Infrastructure

- Project Manager: Patrick Hogeboom, Michael Baker International
- Impact:
  - Provides resilience education, awareness, and best practices related to climate change and adaptation (CCA) focusing attention on Military and other public infrastructure impacts and best practices.
Project Manager:
Lucian Niemeyer, Building Cyber Security
Brian May, Michael Baker International

Impact:
Advance DoD construction procurement policies through engagement with industry to deliver cutting-edge, industry-tested procurement options
Climate Change:
Sea Level Rise and its Effect on Military and Public Infrastructure

Project Manager: Patrick Hogeboom, Michael Baker International

Impact:
Provides resilience education, awareness, and best practices related to climate change and adaptation (CCA) focusing attention on Military and other public infrastructure impacts and best practices.
